An Exciting New Learning Space in Batawa

Students from Sacred Heart Catholic School in Batawa joined Quinte West Mayor Jim Harrison and members of the Batawa Lion's Club at a ribbon cutting ceremony for the new outdoor classroom space located adjacent to the school. The Quinte Lion's club strategically located the site close to the school so students and staff could expand their environmental, experiential and outdoor learning curriculum. The outdoor classroom is the first stage of a larger learning commons that has been planned, led by Lion's Club President Jeff Moorhouse. This is yet another example of the outstanding community support local students have and a clear model of civic pride for our students!
