## Ground Control to Commander Hadfield

Commander Chris Hadfield will be paying a special visit to St. Marguerite Bourgeoys Catholic School in Kingston on Monday, November 17th. But he won't be there in person.

In support of the school's on-going EcoSchools efforts, they have set up a Skype session with the astronaut. Commander Hadfield will speak to the entire school population via Skype in the gymnasium. Students have prepared questions for the astronaut during the session, which begins at 9:45 a.m. St. Marguerite Bourgeoys Catholic School is Platinum certified in the provincial EcoSchools program, the highest level of certification.
